Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Social landlord contextual information" section.

C1.3.3 - Percentage includes a long term sickness absence. The percentage would be 1.5% if the long term absence was excluded
C3 - Our agreement with East Dunbartonshire Council is void led, when we notify them of a vacancy they choose whether they wish to make a Section 5 referral or provide nominations from their own housing list. They received 17 of our 49
vacancies, therefore 35% of our vacancies were available to statutory homeless households. In addition, we leased a further 2 voids to the Council for use as temporary homeless accommodation during the year. This is reported in our updated stock information. The 1 "Other" let was to Syrian refugees being supported by East Dunbartonshire Welcomes Refugees.

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Overall satisfaction" section.

These results are as reported in the 21/22 ARC. We observe that the 2021 tenant survey results are slightly weaker than those recorded in 2019. One factor that appears to have had a bearing on this is the coronavirus lockdowns, whereby
tenants who have been unhappy with the level of support they received during this time are generally less happy with the Association. For example, for tenants who felt supported during lockdown, 93.2% are satisfied with our overall service. Conversely, where the tenant did not feel supported, their
overall satisfaction is 62.2%. Perhaps more significantly is the change to survey method that we used. Due to timing, for tenant and fieldworker safety, thi
survey was carried out by phone and online whereas previous surveys were all carried out face to face. The above points apply across all the satisfaction indicators in this return.

Comments for any notable improvements or deterioration in performance, or compliance with tenant and resident safety requirements regarding the figures supplied in the "Housing quality and maintenance" section, including non-compliance with electrical, gas and fire safety requirements and plans to address these issues.

We have 6 properties in abeyance re SHQS, this is due to 1 property where for social reasons we have been unable to complete an EICR. 4 tenants have refused access to allow upgrade works and 1 tenant has not allowed access to complete EPC (this property is a stand alone house type with no cloned data). In relation to EICR we have 1 property that continues to be reported as in abeyance (as noted above), all other properties reported as in abeyance last year 21/22 due to EICR have now been completed (76 from 77). Along with the 1 property in abeyance there were 86 further addresses due to be tested in 22/23 - 37 of these were completed on time including all remedial works. 49 were completed after anniversary date of previous certificate, however all were completed in reporting year 22/23 and have a valid certificate.  In relation to fire safety requirements all addresses have interlinked smoke and heat detectors per regulations. RFT identified 65 job orders as exclusions
