

Councillor Susan Murray

Susan worked in the NHS before a career in medical marketing. She describes herself as a mother, a carer and a community activist turned politician, elected as a Councillor in East Dunbartonshire in 2017. She lives in Hillhead and chose to stand for election to represent Kirkintilloch North & East and Twechar ward, which includes Hillhead, because of her desire to help people disadvantaged by ill-health and poverty.

Her knowledge of Hillhead Housing Association 2000, the good work she saw them doing as a Registered Social Landlord and also as an anchor organisation, meant she was keen to be involved as a Committee Member appointed by East Dunbartonshire Council to support the Association. She is one of two Council appointees on the Management Committee.
