

John Jamieson

John has been an East Dunbartonshire Councillor and Hillhead Housing committee member since 2007. Previously he worked as an accountant and auditor in the private sector - in several Councils and in public transport. He was brought up in Council housing and is a former Council tenant so has experienced both good and bad aspects of social housing.

John states “I consider it to have been a great experience seeing the redevelopment and upgrading of housing in Hillhead over the years and to have shared in the decision making that has brought it about”.
